

Tiger Trailers, Winsford

Project:
Tiger Trailers, Winsford

Contractor:
Bowmer & Kirkland Ltd

Architect:
AJA Architects

Value:
£1.1m

Location:
Winsford

Client:
Tiger Trailers

Working with Bowmer & Kirkland we carried out the roofing and cladding works to this new 168,000 sq.ft manufacturing and office facility for Tiger Trailers in Winsford.

Tiger Trailers, a trailer and commercial vehicle body manufacturer, moved into its new £22 million facility following rapid business growth and the need to double production capacity.

UKWS carried out the design, supply and installation of Kingspan KS1000 RW composite roofing, Euroclad Elite built up wall cladding and Kingspan KS1000 MR wall panels.
