

An aerial photograph of a large industrial building with a white roof and grey cladding, situated in an industrial park. The building is surrounded by other industrial units and parking areas. A semi-transparent blue box is overlaid on the left side of the image, containing the project title.

Aviator, Ellesmere Port

Project:
Aviator, Ellesmere Port

Contractor:
Caddick Construction Ltd

Architect:
Fletcher Rae

Value:
£1.0m

Location:
Ellesmere Port

Client:
Red Sun Developments

Working with Caddick Construction Ltd we carried out the roofing and cladding package on a new 125,000sq ft high -quality industrial unit known as Aviator Unit B in Ellesmere Port.

Our scope of works included Kingspan KS1000 RW roof cladding with Kingspan rooflights, Kingspan AWP architectural wall panels, Euroclad elite built up wall cladding, siphonic drainage and access systems.

The striking new industrial unit utilising Kingspan's AWP MR panel in a mix of colours and a feature office and entrance area has been built on a speculative basis by Redsun Developments and is available for immediate occupation.
