Project Nucleus, Fradley Park, Litchfield – 432,000 sqft

Project:
Project Nucleus, Fradley Park, Litchfield – 432,000 sqft

Contractor:
GMI Construction Ltd

Architect:
KPP Architects

Value:
£2.8m

Location:
Fradley Park, Litchfield

Client:
Evans Advisory Limited

We worked with GMI Construction Ltd on this 432,000 sqft facility at Fradley Park in Litchfield. As part of a £2.8m package we carried out all roofing and wall cladding, internal firemaster cladding, siphonic drainage, access systems and louvres.

Comment from David Dolan-Davis, Snr Site Manager for GMI

> 'I would just like to pass on my thanks to your team on site with regard to progress, safety and communication and co-operation with our site team and other contractors. They conduct themselves at all times in a professional manner, this is my first experience of working with UKWS and I would be happy to work along side the guys on any future project. If you could pass on my comments to Chris and the team and thank them for there efforts in getting the project where it is'
